TREASURER'S REPORT

REPORT OF TRUSTEES OF THE PERMANENT FUND

AUDITING COMMITTEE

To You, Nobles . . . Just a Brief Message and we'll let the figures spread on these two pages speak for themselves. . . . The exhibit on page 3 (lower right) tells the whole story of receipts and expenditures of Aleppo for the last seven years The figures *underscored* at foot of columns indicate a *deficit* for that particular year or years You will observe that the 1933 income was practically 45% less than 1930 and expenses approximately 53% less Nearly 35% of 1933 income (\$35,647.50) went to the Imperial Council—per capita tax and Crippled Children's Hospital assessment Note how the interest on the Permanent Fund has shrunk since 1930 Yet, as you will note the principle has been increased \$2,440 during the last year 100 candidates last year One-half of them at \$50 initiation instead of \$75 (since July) Imperial Law requires that a Temple must take action on any Noble over two years in arrears, resulting in the sad loss of 1555 by suspension—which we sincerely hope is only temporary Under the Heading "Summary of Expenses" you will find itemized report of expenditures for 1933.

But we've much to be thankful for . . . There has been no depression in the sunshine of Shrine activities and good-fellowship . . . The circus in April (a financial flop, but much goodwill for Shrinedom), the golf tournaments, Rockingham Park outing, Ceremonials, luncheons, annual outing at Fairhaven, Visitation of Imperial Potentate and Mrs. John N. Sebrell, accompanied by Deputy Imperial Potentate and Mrs. Dana S. Williams, with baseball day at Fenway Park together with other functions gave us an opportunity to widen our circle of acquaintances and see that the sky was bright above us . . . While 1933 was a difficult year for most of us, to your Potentate it has been a wonderful year because of the many problems confronting us and the exceptional opportunity for service which it presented . . . He is deeply grateful to Aleppo for the honor conferred upon him . . . He is not at all unmindful of his many mistakes and only wishes it were possible to thank personally every Noble for the kindness and consideration shown him, particularly the Divan Members, the Treasurer, Recorder, Assistant Recorder, Trustees, the Uniformed Units and Committeemen . . . May Allah, the God of Arab—and Mohammedan—abide with you and bring to you, and yours, health, happiness and prosperity. This is the sincere wish of your Potentate, and in the greeting of the Moslem—"Es Selamu Aleikum!"

Yours in Faith

A. C. Grunberg
